

| <b>WEDNESDAY, 6 JUNE 2018</b> |   |
|-------------------------------|---|
| 0800-1700                     | <b>REGISTRATION</b>   |
| 0830-0845                     | <b>CONFERENCE OPENING</b> , Meeting Room 5, First Floor   |
| 0830-0845                     | Opening Address - <b>Sheridan Alfirevich, President of the Australasian Veterinary Poultry Association</b>  |
| 0845-1030                     | <b>LIFE WITHOUT ANTIBIOTICS</b> , Meeting Room 5, First Floor   Chair: <i>Sheridan Alfirevich</i>   |
| 0845-0915                     | Poultry gut health - the key role of gut microbiota - <b>Rob Moore, RMIT University</b>   |
| 0915-0935                     | Quorum Sensing and Quorum Quenching - <b>Thilo Borchardt, EW Nutrition</b>  |
| 0935-0955                     | Scientificallly supported strategies to maximise gut health and reduce reliance on antibiotics - <b>Dave Cadogan, Feedworks</b>                                   |
| 0955-1015                     | A global perspective on the responsible use of antimicrobials in poultry medicine - <b>Shabbir Simjee, Elanco</b>   |
| 1015-1030                     | Panel Discussion  |
| 1030-1100                     | <b>MORNING TEA</b> , Foyer Area, First Floor  |
| 1100-1230                     | <b>AMR AND BIOSECURITY</b> , Meeting Room 5, First Floor   Chair: <i>Rod Jenner</i>   |
| 1100-1120                     | Antibiotic-free broiler production, from a producer's perspective - <b>Derek Detzler, Jefe</b>  |
| 1120-1140                     | Reviews of Industry Biosecurity Manuals - <b>Kylie Hewson, ACMF and Raymond Chia, Australian Eggs</b>   |
| 1140-1200                     | How will changes to Biosecurity Manuals impact on industry adoption - <b>Simon Humphrys, Animal Health Australia</b>  |
| 1200-1220                     | Systems of biosecurity responsibility in the Australian egg industry: Implications for practices at producer-scale - <b>Brian Furze, Charles Sturt University</b> |
| 1220-1230                     | Panel discussion  |
| 1230-1330                     | <b>LUNCH</b> , Foyer Area, First Floor  |
| 1330-1450                     | <b>ANIMAL WELFARE</b> , Meeting Room 5, First Floor   Chair: <i>Tom Grimes</i>  |
| 1330-1350                     | Cage-free egg layers – Challenges and opportunities - <b>Peter Scott, Scolexia</b>  |
| 1350-1410                     | Slow growing broilers – Overseas experiences - <b>Gary Millar, Hubbard Breeders</b>   |
| 1410-1430                     | Update on revision of Poultry Welfare Code - <b>Vivien Kite, Australian Chicken Meat Federation</b>   |
| 1430-1450                     | Myopathies in broilers - <b>David Marks, Livestock Solutions and Services</b>   |
| 1450-1520                     | <b>AFTERNOON TEA</b> , Foyer Area, First Floor  |
| 1520-1700                     | <b>CASE AND RESEARCH REPORTS</b> , Meeting Room 5, First Floor   Chair: <i>Karen Gao</i>  |
| 1520-1540                     | Delayed point of lay in brown egg layers - <b>Susan Bibby, Specialised Breeders Australia</b>   |
| 1540-1600                     | Evidence that MS causes more losses than disease - <b>Chris Morrow, Bioproperties</b>   |
| 1600-1620                     | Respiratory disease complex in layers - <b>Sheridan Alfirevich, Baiada</b>  |
| 1620-1640                     | Gallibacterium anatis – an old friend or an emerging pathogen? - <b>Pat Blackall, University of Queensland</b>  |
| 1640-1700                     | Induction of mucosal immune response by live and killed MG vaccines - <b>Dr Takayuki Shimoyama, Bioproperties</b>   |
| 1700-1800                     | <b>AVPA ANNUAL GENERAL MEETING</b> , Meeting Room 5, First Floor  |
| 1900-2300                     | <b>CONFERENCE DINNER</b> , Meeting Rooms 6-7, First Floor   |

| THURSDAY, 7 JUNE 2018 |   |
|-----------------------|---|
| 0800-1500             | <b>REGISTRATION</b>   |
| 0900-1030             | <b>ANTIBIOTIC STEWARDSHIP</b> , Meeting Room 5, First Floor   <i>Chair: Susan Bibby</i>   |
| 0900-0930             | Antimicrobial resistance and the Australian poultry industry: Where to from here? - <b>Mark Schipp, Department of Agriculture and Water Resources</b>       |
| 0930-0950             | Antimicrobial Stewardship; Initiatives by the Poultry Industry - <b>Steven Page, Advanced Veterinary Therapeutics</b>                                       |
| 0950-1010             | National AMR survey of bacteria from chickens at processing - <b>Kylie Hewson, Australian Chicken Meat Federation</b>                                       |
| 1010-1030             | National AMR survey of Salmonella from the egg industry - <b>Darren Trott, Adelaide University</b>  |
| 1030-1100             | <b>MORNING TEA</b> , Foyer Area, First Floor  |
| 1100-1240             | <b>FOOD SAFETY</b> , Meeting Room 5, First Floor   <i>Chair: Peter Gray</i>   |
| 1100-1125             | An update on the current situation of campylobacteriosis and salmonellosis in the Australian population - <b>Russell Stafford, OzFoodNet</b>                |
| 1125-1150             | Improved Salmonella control programs in egg layers - <b>Peter Groves, Zootechny</b>   |
| 1150-1215             | An update on Campylobacter research and issues from Europe - <b>Margaret Sexton, Department of Primary Industries and Regions, South Australia</b>          |
| 1215-1240             | Panel discussion  |
| 1240-1345             | <b>LUNCH</b> , Foyer Area, First Floor  |
| 1345-1500             | <b>RESEARCH REPORTS</b> , Meeting Room 5, First Floor   <i>Chair: Pat Blackall</i>  |
| 1345-1400             | Update on Campylobacter hepaticus and Spotty Liver Disease - <b>Peter Scott, Scolexia</b>   |
| 1400-1415             | Update on research into Spotty Liver Disease - <b>Mike Kotiw, University of Southern Queensland</b>   |
| 1415-1430             | Macro algae and its exciting extracts - <b>Sarah Haberecht, Ridley</b>  |
| 1430-1445             | The need for speed: Development of a rapid Campylobacter detection system for the Australian chicken industry - <b>Mike Mason, University of Queensland</b> |
| 1445-1500             | Studies into ILT epidemiology - <b>Grant Rawlin, Department of Economic Development, Jobs, Transport and Resources, Victoria State Government</b>           |
| 1500                  | <b>CLOSING SESSION</b> , Meeting Room 5, First Floor  |
